

Our Mission

Hunger Action Network provides a community that transforms lives by empowering disadvantaged men, women, and families to achieve self-sufficiency through life skills, job training and employment in the food service industry.

Hunger Action Network is grateful for the support of food industry professionals who work with our students during the training and hire our graduates. You truly make our community a better place. Thank you!

job ready

*Every day, men and women are transforming their lives in the Hunger Action Network job training program. Graduates are ready to be **successful employees** with both food-service and life skills training. With students graduating every few weeks of the year, Hunger Action Network can help fill vacancies with qualified candidates.*

Hunger Action Network

Hunger Action Network graduates are eager to succeed in a dishwasher, prep, pantry, or line cook position.

from satisfied clients...

Hunger Action Network is a great community partner supporting an extensive training program for low-income folks that are interested in the culinary arts.
